- Finn:** Hi Li, like my new mobile phone?
- Li:** Finn - are you kidding? You don't use a smartphone?
- Finn:** Erm, no.
- Li:** 今天的潮语是关于智能手机的。你说现在的年轻人谁不用智能手机呀。可是 **my friend Finn** 还用老古董手机呢!
- Finn:** Smartphones – who needs them? I just want to call and text my friends.
- Li:** But – Finn, with a smartphone everything is at your fingertips. See?
- Finn:** Maybe you're right. Nice phrase. Here's how you use it:  
And you can get maps – maps at your fingertips.
- Li:** If you're bored there are lots of games at your fingertips.
- Finn:** And music is at your fingertips.
- Li:** And a really good camera is at your fingertips too – say 茄子! Cheese!
- Finn:** 茄子。
- Li:** 你不知道有了智能手机, 所有信息都在你的手指间。
- Finn:** Tap (Finn taps the screen).
- Li:** 用手指头轻轻点一下。
- Finn:** Pinch in (Finn pinches in to zoom out).
- Li:** 用两个手指把屏幕缩小。

**Finn:** Pinch out (Finn pinches out to zoom in).

**Li:** 再把屏幕放大。

**Finn:** Scroll (Finn scrolls up and down).

**Li:** 滑动。

**Li:** That's nice isn't it. Oh, my phone is ringing (answers phone). Hi there...

**Finn:** (waiting - politely)

**Li:** (on phone) Hi there, 啊，我们正在谈智能手机呢。太方便了... **Everything is at your fingertips.** 太方便了，太方便了。 **You can scroll up and down, everything is there for you.** 可是我的这位朋友 Finn 不知道怎么用... **He doesn't know how to use it!**

**Finn:** Yes I do (Finn taps his phone and Li disappears). Bye everyone!
